AMATEUR SERVICE OPERATION IN CEPT COUNTRIES

Subject to the regulations in force in the country visited, a U.S. citizen holding a General, Advanced, or Amateur Extra Class amateur radio service operator license grant by the Federal Communications Commission (FCC) is authorized to utilize temporarily an amateur station in a European Conference of Postal and Telecommunications Administrations (CEPT) country that has implemented certain recommendations with respect to the United States.

While operating an amateur station in a CEPT country, the person must have in his or her possession a copy of this Public Notice, proof of U.S. citizenship, and evidence of the FCC license grant. These documents must be shown to proper authorities upon request.

When the privileges authorized by the FCC license grant are Advanced or Amateur Extra Class operator privileges, the U.S. citizen is granted CEPT Radio Amateur License privileges, in accordance with CEPT Recommendation T/R 61-01 (as amended). When the privileges authorized by the FCC license grant are General Class operator privileges, the U.S. citizen is granted CEPT Novice Radio Amateur License privileges, in accordance with FCC Recommendation (05)06 (as amended). Both recommendations are available on the internet at <http://www.ero.dk/>.

YOTA Special event

9A0YOTA

9A0YOTA will be participating in the December YOTA Month!

When will the callsign be active this December:

Both 9A callsigns will be on the air from December 1st to December 31st 2014.

9A14YOTA will be active from Zagreb. Operators will be students from Technical School Ruđera Boškovića Zagreb. They are in age 16 to 18. Mainly they have Novice licence. Seven of them have T/R 61-02 licence. Licenced students are members of Hrvatski DX klub, 9A1A. Youngsters having T/R 61-02 licence are contesters, members of 9A1A contest team . All students who have amateur radio licence (Novice and T/R 61-02) are active from station which is set up in school – 9A1RBZ. For this event also will be used station located at location of Hrvatski DX klub – Lake Jarun in Zagreb.

9A0YOTA will be active from Kaštel Gomilica. Young operators mainly have Novice licence and they are members of Radio klub Kaštilac, 9A1CIG. Kaštel Gomilica is small city located near Split on Adriatic coast. Youngsters are very active in various amateur radio activiteis.

In which occasion will the callsign be used:

Both stations will be used for promotion of HAM radio within youngsters, specially within school students in age 11 to 18.
